## The New System Control App from Crown, Available at the Apple App Store.

- + Instantly connect to your Crown networked amps; just plug your amps into any wireless router, watch the amps auto-populate, and you have full control of everything
- + Watch over your entire rig using your iPhone or iPad, anywhere in the venue - intuitive control panels allow you to monitor input levels, output levels, thermal conditions - anything you need
- + Need to limit control or see something special? Choose any controls you want using System Architect custom panels; then easily import them using iTunes
- + Use it with CTs, I-Tech, I-Tech HD, and Macro Tech I series (CTs requires network PIP)

Available right now, download instantly from the Apple App Store.
